

EDUCATION

TKR College of Engineering and Technology	Hyderabad, INDIA
Bachelor of Technology, Major in Electronics and Communication CGPA : 7.31	2024
NSR Impulse Junior College	Hyderabad, INDIA
Higher Secondary Education (Class 12) Score - 96.8%	2020
Jawahar Navodaya Vidyalaya	Nizamsagar, INDIA
Class 10 Score - 76%	2018

WORK AND PROJECT EXPERIENCE

Smart home security and surveillance system using raspberry pi (Raspberry Pi, Python, CNN, OpenCV, SQLite, MQTT)

- Designed and implemented an IoT-based home security system as a final-year project to enhance residential safety. Introduced advanced door-unlocking mechanisms with image recognition, motion-detection alerts for unauthorized access, and real-time video streaming to users' devices.

Bank Management System (Python, OOP, Data Structures)

- Developed a Python console application to simulate banking operations including account creation, deposits, withdrawals, balance inquiries, and transaction history. Utilized object-oriented programming (OOP) principles and data structures (dictionaries) to manage customer data and ensure reliable, efficient performance.

Microblogging System using Django (Django, HTML, CSS, Bootstrap)

- Built a full-stack social media web application allowing users to register, post tweets, edit, and delete their tweets. Implemented user authentication and a responsive interface for an intuitive user experience, following MVC architecture with Django framework.

SKILLS

- Programming languages:** Python, SQL
- Frontend Technologies:** HTML, CSS, JavaScript, React.js, Redux
- Backend Technologies:** Django, Django Rest Framework
- Machine Learning & AI:** Convolutional Neural Networks (CNNs), Deep Learning, OpenCV
- Database & Data Management Tools:** MySQL
- Tools and Technologies:** VS Code, PyCharm, MATLAB, Git, GitHub, Power BI, AWS

WORKSHOPS AND ACHIEVEMENTS

PCB Design Workshop: Completed a hands-on PCB design workshop during undergraduate studies, designing and assembling a functional printed circuit board under expert guidance, strengthening practical electronics and hardware skills.

JNVST Qualification: Successfully cleared the Jawahar Navodaya Vidyalaya Selection Test (JNVST) in 5th grade, a national-level entrance exam conducted by the Navodaya Vidyalaya Samiti (NVS). Secured admission to Jawahar Navodaya Vidyalaya (JNV) by demonstrating strong reasoning, problem-solving, and academic excellence from an early stage.

PUBLICATIONS

- Published a research paper titled *"Smart Home Security and Surveillance System Using Raspberry Pi"* in International Journal of Innovative Research in Science, Engineering and Technology (IJIRSET), Vol. 13, Issue 4, April 2024.

CERTIFICATIONS & EXTRACURRICULAR ACTIVITIES

Python Full-Stack Development Course (QSpiders)

- Completed an intensive training program in full-stack web development with Python, covering front-end/back-end integration and database management, and built multiple projects as practical exercises.

Complete Python Bootcamp (Udemy)

- Earned certification from Dr. Angela Yu's Complete Python Pro Bootcamp, reinforcing programming fundamentals and hands-on experience in Python and web development.

SPORTS AND LEADERSHIP

- Represented the ECE department in the college inter-department cricket tournament, fostering teamwork and leadership skills through collaborative competition.
